## **Important**

Before using this guide you will need to have a Nochex account, if you haven't already signed up click the following link and choose between either a UK Trader or a Merchant account:  
<https://www.nochex.com/gb/merchant-services/>

*Customers are recommended to always back up their code before making any significant changes, such as these detailed in this document.*

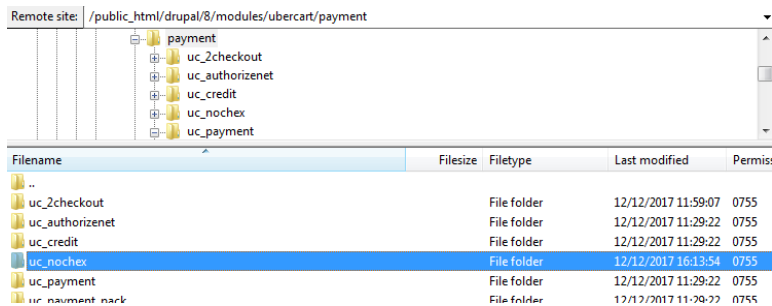

## Setting Up Nochex as a Payment Option

- With the Nochex payments module installed you can not only accept credit card payments but also Nochex members can pay using their Nochex account.
- Customers don't even need a Nochex account to make payments through Nochex making it quick and easy for customers to make payments.
- Nochex uses anti-fraud protection like 3D Secure – the leading “Internet Authentication Protocol” designed by Visa and MasterCard, to ensure your customers can make payments in confidence.
- Emails are sent directly from Nochex giving payment confirmation both to the customer and the seller.

The installation instructions below explain how to setup Nochex as a payment option in Ubercart.

## Installation Instructions

1. Firstly make sure you have downloaded the module file that can be found here: <https://support.nochex.com/kb/faq.php?id=155>
2. Extract the “Nochex\_Module\_Ubercart4.zip” archive.
3. Once completed. Go to the location of your files for Ubercart on your server, and locate the payment modules, which can be found somewhere like: <http://mywebsite.com/drupal/sites/all/modules/ubercart/payment/>
4. Now locate the uc\_nochex folder, which can be found in the extracted “Nochex\_Module\_Ubercart4” folder. Transfer the uc\_nochex folder to be with the rest of the payment modules for Ubercart.

5. Once copied, go to your Drupal website and locate the newly attached Nochex module. Which can be found by going to the modules Administrator > Site building > Extend > Ubercart – Payment and select the Nochex module.

6. Save configuration.
7. Go to your payment configuration on your Uber cart store, which can be found somewhere like: Drupal Admin Section > Store > Payment Methods.

## 8. Next Choose Nochex and Add payment method

The order of methods shown below is the order those methods will appear

▼ ADD PAYMENT METHOD

Type:
