### **Important**

Before using this guide you will need to have a Nochex account, if you haven't already signed up click the following link and choose between either a UK Trader or a Merchant account:  
<https://www.nochex.com/gb/merchant-services/>

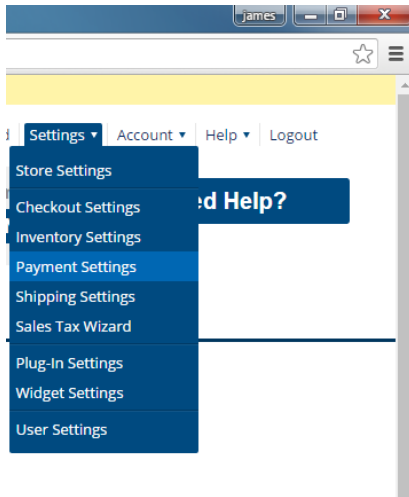

## Setting Up Nochex as a Payment Option

- With the Nochex payments module installed you can not only accept credit card payments but also Nochex members can pay using their Nochex account.
- Customers don't even need a Nochex account to make payments through Nochex making it quick and easy for customers to make payments.
- Nochex uses anti-fraud protection like 3D Secure – the leading “Internet Authentication Protocol” designed by Visa and MasterCard, to ensure your customers can make payments in confidence.
- Emails are sent directly from Nochex giving payment confirmation both to the customer and the seller.

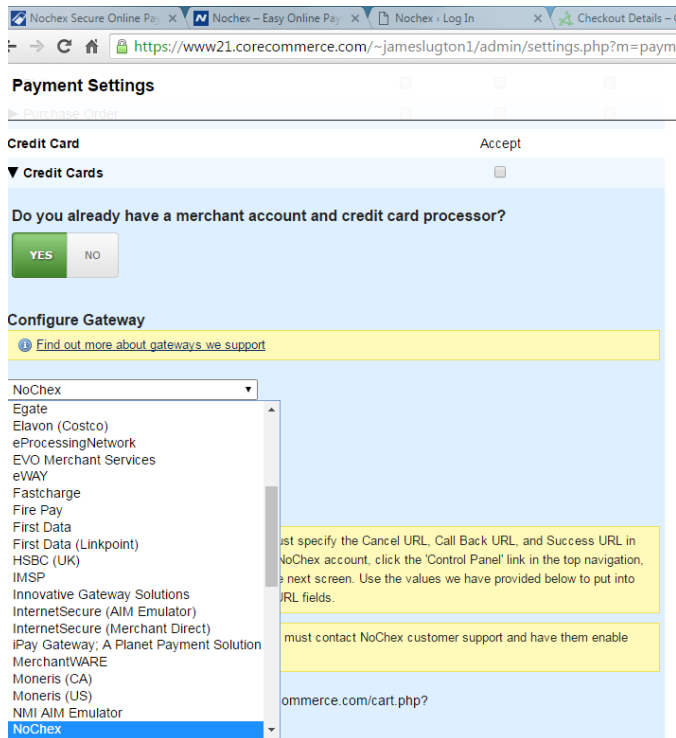

The installation instructions below explain how to setup Nochex as a payment option in Corecommerce.

# Installation Instructions

1. Firstly login to your corecommerce account on corecommerce.com
2. Go to your payments section, Click Settings > Payment Settings.

3. Select Credit Cards > Yes and select Nochex from the list of gateways, and tick the button Accept.

4. Next enter your Nochex merchant id / email address into the merchant key, and keep the module in Test Mode till you have tested

(Note: change this option to live to allow live transactions)

5. Make a copy of all the urls for your Nochex account: Cancel URL, CallBack URL, and Success URL.
6. Save all changes.
7. Login to your Nochex account, and select Payments Page Setup

8. Scroll to the URL's section, and add the urls set in your corecommerce store.

URL'S

Call back URL	<input type="text"/>
Cancel URL	<input type="text"/>
Success URL	<input type="text"/>

9. Save all changes.
10. Finally go through your checkout to make sure everything has been setup correctly.
